Phoniatics Program

Day 1 - Thursday, 15 January 2026 - Al Amwaj

07:00 - 8:00	Registration	
Session I:		
Chairperson: Khalid Al Malki, KSA		
08:00 – 08:20	Keynote: Anatomy of larynx: What is new?	Aude Lagier, Belgium
08:20 – 08:40	Keynote: The use of the Acoustic Voice Quality Index in the voice clinic	Youri Maryn, Belgium
08:40 – 09:10	Keynote: Update on Recurrent Respiratory Papillomatosis Treatment	Seong Keun Kwon, South Korea Haldun Oguz, Turkey
09:10 – 09:40	Keynote: Neurolaryngology: Past, Present and Future	Berit Schneider-Stickler, Austria
09:40 – 10:00	Discussion	
10:00 – 11:00		
Opening Ceremony and Mid-morning Coffee Break		
Round Table: Update on Vocal Fold Paralysis		
Moderator: Haldun Oguz, Turkey		
11:00 - 13:00	Overview	Haldun Oguz, Turkey
	The ECE50 in the diagnosis of vocal fold motility disorder	Matthias Leonhard, Austria
	Electical neurostimulation in acute unilateral vocal fold paralysis	Berit Schneider-Stickler, Austria
	Injection Laryngoplasty	Yakubu Karagama, UK
	Thyroplasty	Yakubu Karagama, UK
	Long-term results after type I thyroplasty with the VOIS implant	Guan-Min Ho, Taiwan
	Non-selective reinnervation in unilateral vocal fold paresis	Alexander Mainka, Germany
	Laryngeal pacemaker implantation for bilateral synkinetic vocal fold motility disorders	Berit Schneider-Stickler, Austria
	Management of pediatric bilateral vocal fold paralysis with suture lateralization	Seong Keun Kwon, South Korea
	Discussion	

13:00 - 14:00		
Prayer and Lunch Break		
Session III:		
Chairperson: Berit Schneider-Stickler, Austria		
14:00 - 14:20	Keynote: European Board Examination of Phoniatrics	Berit Schneider-Stickler, Austria Haldun Oguz, Turkey
14:20 - 14:40	Keynote: Acoustic measurement of specific singing skills: passaggio, messa di voce, vibrato and tone matching accuracy	Youri Maryn, Belgium
14:40 - 15:00	Keynote: Update on treatment of Functional Dysphonia (visual biofeedback, injection of Botox or hyaluronic acid)	Yakubu Karagama, UK
15:00 - 15:20	Keynote: Botulinum toxin and movement disorders of the larynx: Tips and tricks	Aude Lagier, Belgium
15:20 - 15:40	Keynote: Pioneering long-segment circumferential tracheal regeneration with cutting-edge scaffold and bioink Innovation for bioprinting	Seong Keun Kwon, South Korea
15:40 - 16:00	Keynote: How to make ChatGPT a better research assistant?	Khalid Al Malki, KSA
16:00 - 16:30		
Prayer and Coffee Break		

Day 2 - Friday, 16 January 2026 - Al Amwaj

07:30 - 8:00	Registration	
Session I:		
Chairperson: Gamal Youssef, UAE		
08:00 – 08:20	Keynote: AI-Powered Insights: Advancing Dysphagia Detection Through VFS Analysis	Asser Elsaeed, Egypt
08:20 – 08:40	Keynote: Muscular rehabilitation of Dysphagia	Ahmed Nagy, UAE
08:40 – 09:00	Keynote: Pre-swallowing assessment: tasks and observations	Aya Sheikhany, Egypt
09:00 – 09:25	Keynote: Optimizing Swallowing Outcomes in Myasthenia Gravis: The Role of Phoniatic Evaluation and Therapy	Rania Abdou, Egypt
09:25 – 09:50	Instructional Course: Evaluation of Coordination safety for oral feeding in high-risk neonates.	Tamer Abou El-Saad, Egypt
09:50 – 10:00	Discussion	
10:00 – 10:30	Coffee Break	
Session II		
Chairperson: Khalid Al-Malki, KSA		
10:30 – 10:50	Keynote: Standardizing Airway Protection Judgments with the Penetration Aspiration Scale	James Coyle, USA
10:50 – 11:10	Keynote: Oral Stimulation Program for Feeding Infants with Neurodevelopmental Disorders: Evidence-based Protocol.	Tamer Abou El-Saad, Egypt
11:10 – 11:50	Instructional Course:Advances in Technology in Dysphagia Management: It's All About the Signals!	James Coyle, USA
11:50 – 12:00	Discussion	
12:00 – 14:00	Prayer and Lunch Break	
Session III		
Chairperson: Mohamed Farahat, KSA		
14:00 - 15:00	Panel: Swallowing in Head & Neck Cancer: Risks, Rehabilitation, and Restoring Function	Moderator: Rania Abdou, Egypt Panelists: Alaa Gaafar, Egypt Tamer Abou El-Saad, Egypt Mohamed Farahat, KSA Aya Sheikhany, Egypt Asser Elsaeed, Egypt
15:00 - 16:00	Panel: Neurogenic Dysphagia Grand Rounds: Where Is the Lesion and How Do We Address the Impairments?	Moderator: James Coyle, USA Panelists: Tamer Abou El-Saad, Egypt Rania Abdou, Egypt Mohamed Farahat, KSA Aya Sheikhany, Egypt
16:00 - 16:30	Prayer and Coffee Break	

Day 3 - Saturday, 17 January 2026 - Al Amwaj

07:30 - 8:00

Registration

Session I:

Chairpersons: Aya Sheikhy, Egypt | Rania Abdou, Egypt

08:00 - 08:20

Keynote: Navigating Secondary Auditory Processing Disorder

Amany Shalaby, Egypt

08:20 - 08:45

Keynote: From Broca's to Global: Making sense of aphasia types

Tamer Abo El-Saad, Egypt

08:45 - 09:05

Keynote: From auditory processing to academic: understanding the impact of hearing impairment

Rania Abdou, Egypt

09:05 - 09:25

Keynote: The listening brain: insights on auditory processing & neuroplasticity

Aya Sheikhy, Egypt

09:25 - 09:45

Keynote: A Global Perspective on Autism

Lilly Cheng, USA

09:45 - 10:15

Instructional Course: The Interplay Between Language-Based Learning Disabilities And Auditory Processing Disorder

Amany Shalaby, Egypt

10:15 - 10:30

Discussion

10:30 – 11:00

Mid-morning Coffee Break

Session II

Chairpersons: Gamal Youssef, UAE | Amal Ramzy

Round Table: Artificial intelligence in Post Cochlear Implant Rehabilitation
Chairperson: Gamal Youssef, UAE

11:00 – 11:15

AI: Insights on human machine communication models

Aya Sheikhy, Egypt

11:15 – 11:30

The role of AI in CI rehabilitation: bridging the gap between science and clinical practice

Gamal Youssef, UAE

11:30 – 11:45

Teletherapy: from science to clinical practice

Amal Ramzy

11:45 – 12:00

Integrating Digital Communication in CI rehabilitation: the impact of what's app facilitated support on parent led interventions

Samira Ashour, KSA

12:00 – 12:15

How to use AI with syndromic HL after CI

Mariam Al Ghazi

12:15 – 12:30

The impact of today's technology on our DHH children

Sabine El Deek, UAE

12:30 – 12:45

ReDi to hear: AI-Driven remote rehabilitation for cochlear implant users

Enas Al Hajeir, UAE

12:45 – 13:00

Discussion

13:00 - 14:00

Prayer and Lunch Break

Session III

Chairperson: Yaser Al Sabi, KSA

14:00 - 14:40	Panel: Auditory processing in typical hearing and Cochlear Implanted children:	Moderator: Aya Sheikhany, Egypt Panelists: Amany Shalaby, Egypt Sabine Al Deek, UAE Yaser Al Sabi, KSA Samira Ashour, KSA Enas Al Hajeir, UAE
14:40 - 15:00	Keynote: Automatic speech processing for accessible communication	Hanan Al Darmaki, UAE
15:00 - 15:20	Keynote: AuDHD: Bridging the gap between autism and ADHD	Haidar Wreidan, UAE
15:20 - 15:50	Instructional Course: Assessment and Treatment Of Neurogenic And Psychogenic Stuttering	Yaser Al Sabi, KSA
15:50 - 16:00	Discussion	
16:00 - 16:30	Prayer and Coffee Break
